

BLANC DE NOIR

LANGUEDOC, FRANCE

WINE

A truly distinctive white wine made from black Grenache grapes with minimal skin contact during pressing. Blanc de Noir, meaning 'white from black', leans toward white peach, and pink grapefruit flavours with subtle spice. Herbaceous notes, soft echoes of red apple and strawberry, and crisp acidity finish out this showpiece.

12.5% | DRY | MEDIUM BODY

REGION

Grenache enjoys ideal conditions in this coastal region, where cooling sea breezes moderate the hot, sunny Mediterranean climate. The most common soils are limestone and clay, which help retain moisture in the dry landscape. Limited rainfall and coastal winds yield concentrated fruit, enabling expressive, innovative styles.

FOOD

Pairs perfectly with pork rillettes or cretons, lobster risotto, and grilled peach with mascarpone and honey.
